Datasheet of the property: <https://robertson.makeitonline.hu/en/property/104-bright-site-offices>

Bright Site Offices in Budaörs includes 5 office blocks, on an area of several hectares, with more than 6,000 m2 of rentable office space.

The office park is located in the heart of Budaörs, in a green area, in a location with excellent infrastructure, at the junction of Liget utca and Puskás Tivadar utca.

In the middle of each building there is a traffic core with an elevator, next to it are water blocks, which is why the individual floors can be divided by creating a minimum common area.

Block D consists of two rows of parallel buildings, which are connected by a nicely landscaped inner courtyard, where the surface parking is located.

Under the courtyard surrounded by the office buildings, there is an underground garage with 98 spaces, which can be accessed from the D5 building from Puskás Tivadar Street.

The buildings have basement + ground floor + 3 floors + built-in attic.

The basement level can also be used as a warehouse and car park.

The properties include 98 underground parking spaces and 47 surface parking lots
