# Corvin offices 5-6 - Technology & Science Park II.

## 1082 Budapest, Bókay János utca 42-46.

Datasheet of the property:  
<https://robertson.makeitonline.hu/en/property/209-corvin-offices-5-6-technology-science-park-ii>

The construction of Corvin Technology and Science Park, which has been running with great strides since its start in January 2015, will close the Eastern end of the large-scale Corvin Promenade City Regeneration Project. This office building is going to offer 14636 sqm leasing space, that will be accomplished by the first quarter of 2018. Since the crisis this has been one of the largest scale leasings on the Hungarian office market. The building fulfils special technological expectations even among the A-category office buildings with its outstandingly high electric capacity, double feeder, the ergonomic lift system equipped with destination control and BREEAM certificate. The outstanding qualities of the new office building and the hypermodern research laboratories will provide the most state-of-the-art work environment for R&D. Corvin Technology and Science Park will also provide ideal solutions in serving special needs, as the Corvin Quarter offers 100 shops and various facilities from terraced restaurants, cafés, and pubs to a fitness-wellness centre and a cinema.
