# Oktagon House

## 1062 Budapest, Aradi u. 8-10.

Datasheet of the property: <https://robertson.makeitonline.hu/en/property/257-oktagon-house>

Oktagon House comprises two office wings accessible by a common entrance. The areas of the two parts are interconnected, and can be combined to meet the demands of major users; this way a total undivided office space of up to 1,200 sqm can be established on each floor. The office building is available for those requiring smaller spaces, too: the smallest lettable office unit is 150 sqm. When planning the building interiors architects took special care to ease the movement of the disabled. There is a multi-storey parking garage connected to the office building, offering 339 parking spaces on 8 storeys, available even for short-term parking by visitors. The real estate is easily accessible both by car and public transport.
