Center Point III.

1139 Budapest, Váci út 85.

Datasheet of the property: <https://robertson.makeitonline.hu/en/property/32-center-point-iii>

Center Point III. The office building will expand the office complex with 35,500 square meters of gross leasable area, offices and commercial premises, so that the total contiguous leasable area will be 78,000 square meters.

Center Point will once again become the office complex with the largest leasable area in Budapest. The importance of the Váci út office corridor continues to grow with construction: today more than 25% of the total office stock in Budapest is concentrated here.

Center Point III. Office building - on the Váci út corridor - is an immediate advantage for its tenants with its carefully chosen location. Center Point III. The office building is located at the junction of the axis of Váci út and Árpád bridge, it is directly connected to the transport network defined by Budapest's boulevards, so it is easily accessible from all directions. The city center can be reached in 10 minutes either by car or by metro.
