Unit description

With 14.55 sq m terrace
The office buildings marked "B" and "G" are located on the side of the development close to the M0 ring road. The two towers are connected on the 3rd and 4th floors by an attractive, glass-covered bridge, thanks to which up to 3,800 m2 of office space is available on one level.
The "G" building housed a six-story parking garage, as a result of which the floor area of the office floors in this property is smaller. The lobby area, which includes a wall of green plants and is designed in a minimal style, gives the building's reception an elegant look. The office spaces are built from a shell-and-core state based on tenant needs.
